ENERGIES 2050 cannot operate without your support. We need you to act!

ENERGIES 2050 is a non-profit association working exclusively in the public interest. As an international Non-Governmental Organisation, it gathers citizens, experts, partners and members of more than sixty nationalities and implements concrete projects and initiatives in more than 30 countries. ENERGIES 2050 is committed to the implementation of the Great Transition, focusing on energy issues but also on the implementation of a more humane, plural and united society, supporting peace and respectful of the common goods of mankind.

Why joining ENERGIES 2050 as a private company?

Joining ENERGIES 2050 will allow you to:
- Support our societies’ necessary transition by promoting a social and solidarity economy as well as a more responsible consumption and production patterns, thus bringing more equitable accesses to wealth and jobs, and enhancing economic, social and environmental performances.
- Support the implementation of concrete and scalable projects in our various fields of intervention: Sustainable Development; Climate; Natural resources, agriculture and the environment; Sustainable Cities, Buildings and Territories; the Energy Transition; Social and Solidarity Economy; Gender; Citizens’ Involvement (http://energies2050.org/).
- Contribute to building up technical knowledge towards professionals, public institutions and citizens.
- Build up with us the opportunities and actions of tomorrow.

Supporting ENERGIES 2050 is done through an annual membership. You can also support or initiate with us long-term programme of activities, contribute to research and implementation activities and/or support training actions.

As a private company, you will be a part of our Network of companies and will be able to contribute to the scientific orientations of the NGO. You will also be in a position to invite your partners to join us.

It should be noted that all of ENERGIES 2050’s work, publications, projects are made available freely to anyone.

Joining ENERGIES 2050's community, contributing or making a donation helps the association to achieve its social objective and to set up its actions on the long term.

To contribute or make a donation, consult our website at http://energies2050.org/don/?lang=en

In advance thank you to those who will commit with us and who will support the collective adventure of ENERGIES 2050.
ENERGIES 2050’s membership form for private companies

<table>
<thead>
<tr>
<th>Your company turnover</th>
<th>Amount**</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual turnover &lt; 1 million €</td>
<td>500 €</td>
</tr>
<tr>
<td>1 million &lt; Annual turnover &lt; 2 millions €</td>
<td>1000 €</td>
</tr>
<tr>
<td>Annual turnover &gt; 2 millions €</td>
<td>2000 €</td>
