MARKET REPORT PUBLICATION
A specific report providing an synopsis of the insight on the current Energy Performance Contracts (EPC) market in the tertiary sectors of Croatia, France, Greece, Italy, Portugal and Spain. Over 180 interviews were carried out with the tertiary sector representatives, EPC providers or facilitators and financial institutions in order to understand the market perspective of all key stakeholders.

TRAINING ABOUT ENERGY PERFORMANCE CONTRACTS IN MADRID
The first training on Energy Performance Contracts within Trust EPC South Project, took place at the Chamber of Commerce and Industry of Madrid, called “From obligations of RD 58/2016 to achieving savings through EPC”.

CAPACITY BUILDING WORKSHOP IN ROME
On May the 30th, the Capacity Building Workshop will be held in Rome. The workshop is targeted to stakeholders of the private tertiary sector and is aimed to offer users theoretical and practical information about the EPC - Energy Performance Contract.

MINIMUM ENERGY EFFICIENCY STANDARDS
In recent years sustainability risks and drivers have had a transformational impact on the way in which equity investors approach direct real estate investment and management. One of the greatest drivers we’re now seeing in the UK is the introduction of regulatory Minimum Energy Efficiency Standards.

ABOUT TRUST EPC SOUTH
The Trust EPC South aims to unleash the tertiary sector market potential for private energy efficiency investments in Southern Europe by developing a new financial assessment instrument backed by an established building rating methodology (Green Rating™). Such instrument shall support energy service companies (EPC providers and facilitators), financing institutions and tertiary market actors thanks to the application of a standardised methodology to the investment assessment and decision processes, ultimately allowing to reduce barriers to energy efficiency investments. Trust EPC South, a project financed by the European Union’s Horizon 2020 programme, will pursue its ambitious objectives in Portugal, Spain, France, Italy, Croatia and Greece.
